CAUTION: External Message. Use caution opening links and attachments.

Dear Frank,
as the Chair of the IMSC 2026 in Lyon, France, I will be happy to share our experience in organizing the event and provide useful insight into challenges we have faced. This will no doubt help you and the BMSS colleagues, in case Liverpool would be selected as 2030 venue, with the many details to take care of during the organization process.

With best wishes,
Isabelle

Prof. Isabelle Compagnon (She/Her)
